

Shoreham Beach Association
915 Ocean Shore Blvd
Ormond Beach FL 32176

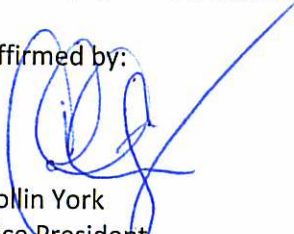

November 28, 2017

Be it known:

During the Regular Meeting of the Board of Directors of the Shoreham Beach Association on September 10, 2016 the Board passed a motion to collect votes from the membership as to whether or not the Association should opt out of the minimum fire protection standards of Chapter 633 of the Florida Statute and not install a sprinkler system into the Shoreham Building, which was constructed during the late 1960s and is just over 75 feet tall.

During the October 15, 2016 Board of Directors meeting, the members' votes were tallied. The result was in favor to opt-out exemption option. The document was forwarded to the Shoreham Attorney to file the paperwork with the City of Ormond Beach.
